i personally prefer firefox over chrome and edge for a few reasons firstly firefox is known for its strong privacy and security features which is important to me when browsing the web additionally

just in general firefox tends to be a lot more private and secure than opera gx firefox is quite a bit more customizable as well though if we re being honest most of those customizations are things

brave firefox i know firefox can be modified for privacy and performance however if an update comes the modifications may or may not work as they did before then new modifications might

jan 20 2023 i like librewolf a lot it s basically hardened firefox only thing you need to lookout for is that it doesn t have an auto updater like firefox you need to manually download the new version

dec 18 2022 i don t know why you opened reddit clicked create typed the title including but longer than firefox

download added a body and then clicked post and decided to wait for a response

oct 30 2022 firefox has the advantages and disadvantages of engine independence it can be pushed even further than brave in terms of privacy hardness but also has the downsides

r firefox the latest news and developments on firefox and mozilla a global non profit that strives to promote openness innovation and opportunity

feb 27 2023 i ve tested chrome brave and firefox regarding their actual ram consumption when opening three different news sites cnn fox huffpost while ram consumption may vary

feb 10 2023 firefox doesn t do that the navigation power is also built deep into the underlying engines firefox is also still capable of supporting extensions that are far more powerful than what s

the decline in marketshare is not because people actively hate firefox it s because of pre bundled web browsers edge on windows chrome on android and chromeos safari on ios and macos only
