this collection of focused essays is directed at several levels of students of social problems it is accessible to the uninitiated who are not familiar with the constructionist literature and aimed at those who are not particularly interested in subtle theoretical and empirical issues of concern to academics studying social problems from constructionist perspectives some readings focus on the construction of problems by scientists and other professionals others examine the work of social activists mass media and social service personnel among the topics included are studies of social inequalities and individual deviance a comparison of the images of social problems in the united states with those in other countries and an examination of the importance of politics and power in constructing public images of social problems constructionist perspectives have become the leading theoretical approach for sociology and allied fields in studying social problems yet constructionists impact on the teaching of social problems has been far less dramatic undergraduate courses on social problems are often subject to a theoretical barrage of eclectic perspectives just as the first social problems textbooks did almost a century ago textbooks continue to present a series of unrelated chapters each devoted to a particular social problem social problems is an effort at systematic analysis rather than random thought on the subject social problems presents detailed case studies demonstrating how constructionist perspectives can

actually be applied to understand particular social problems while these articles can be read alone the editors have organized these selections to correspond with the chapter topics in the second edition of donileen loseke s thinking about social problems an accessible introduction to constructionist approaches at the same time some instructors who use this edited collection might wish to provide their own mix to the selection process many of the contributions make multiple points and so reasonably could be used to illustrate other basic texts or classic studies in the field of social problems donileen r loseke is professor of sociology at the university of south florida joel best is professor and chair department of sociology and criminal justice university of delaware he has also served as an advisory editor for aldine in the area of social problems

introduction to global social problems introduces undergraduate students to national and international social problems from a critical sociological perspective isaac zvi christiansen presents clear descriptions of each social problem explains key concepts and provides students with the relevant theoretical tools needed to grasp the interconnected nature of these phenomena this volume covers significant and interconnected issues the book begins with an explanation of how corporate interests distort the depiction of social problems chapters 2 and 3 provide empirical explorations of poverty and inequality on national and global scales together with clear and accessible expositions of relevant sociological theories chapter 4 examines health and educational inequalities exacerbated by the economic inequalities discussed in chapters 2 and 3 chapter 5 introduces students to issues of racial inequalities in the united states and abroad while chapter 6 takes a comparative approach to examining crime and criminal justice chapter 7 examines modern day imperialism and war with special attention given to the military industrial complex and a brief review of us interventions around the world in the twentieth and twenty first

centuries chapter 8 examines politics and human rights including a critical historical and sociological analysis of israeli settler colonialism and successive us israeli assaults on gaza the book closes with an examination of population and the environment with special attention given to climate change and the pressing contradictions between capitalism and the environment this textbook will be a vital resource for introductory students across the social sciences especially in sociology political science and global studies it provides critical wraparound coverage of the momentous embedded social problems that interconnect across social national and regional boundaries

companion reader to anna leon guerrero s social problems 2nd edition

despite the recent growth of research on social problems facing the people of sub saharan africa there remains a critical lack of conceptual epistemological and empirical research and documentation this sophisticated new book attempts to fill that gap by synthesizing interpreting and extending the existing literature on conditions that constitute serious impediments to socio economic development in africa it provides an original and up to date survey of key problems ranging from poverty and inequality to violence and crime the contributors all of whom have lived or worked in africa show how social problems emerge how they are defined and how various actors attempt to deal with them this timely book provides a much needed analysis of the major issues and debates regarding the dynamics of social problems in the african context social problems in africa is broken into four parts the first introduces readers to the nature of social problems in general and provides a framework for analyzing and understanding social problems in an african context part ii on culture human rights and democracy examines these crucial

aspects of social problems in africa as well as issues such as language and colonialism part iii focuses on poverty and inequality while conflict and violence is the focus of part iv together the chapters in this volume provide the most comprehensive and systematic approach to the issues available bringing much needed attention to the problems in africa from the perspective of scholars who have lived and worked there

each chapter in this innovative social problems text is written by a specialist or pair of specialists from appropriate subfields within sociology the typical single author approach is limiting given the complexity of the contemporary issues surrounding each social problem discussed involving many content experts ensures that the theories research and examples used in each chapter will be as current and relevant as possible chapters open with personal statements from the contributing authors discussing how they got involved with studying the problem they are writing about javier trevino serves as the general editor making sure that each author follows the chapter template and maintains a consistency in level and style
